Since your intuition led you in the right direction & made you understand that it was my desire you should go to Adyar immediately — I may say more. The sooner you go the better. Do not lose one day more than you can help. Sail on the 5th if possible. Join Upasika at Alexandria. Let no one know you are going and may the blessing of

our Lord, and may
your blessing shie
shield you from eve
ry evil in your
new life.

Greetings to you
my dear child
